TEN EXCITING START-UP IDEAS CHOSEN FOR DP WORLD'S TURN8 PROGRAMME

Young regional and international innovators backed to bring
their ideas to market

Dubai, United Arab Emirates, October 2, 2013:- TURN8, the seed accelerator initiative launched by global marine terminal operator DP World and powered by innovation 360 today unveiled the final 10 innovative ideas bidding to be developed into commercially-viable businesses.

The 10 teams of two are being supported with funding, mentoring and training in Dubai in exchange for a stake in any resulting business under TURN8 (<http://www.turn8.co>), the region's only programme that offers cradle-to-commercialisation support for innovative start-ups.

The final projects range from consumer sentiment trackers and counterfeit goods detectors to a digital math tutor for children and an app to record dreams.

The announcement of the final 10 marks the completion of the year long TURN8 programme's first roadshow phase that involved an online campaign and visits to selected countries with active start-up cultures, including the UAE, Egypt, Jordan, the Ukraine, Belarus, Singapore, Malaysia and the USA.

Mohammed Sharaf, Group Chief Executive Officer, DP World, said:

"DP World is a firm believer in innovation and technology to help power business. Through TURN8, we aim to promote a start-up and innovation culture in the wider community building on the UAE's traditions of entrepreneurial flair. This also fits with its vision to become a regional hub for innovation and to create a fully-fledged innovation centre in Dubai. I am excited by these projects and look forward to seeing them developed to their full potential."

Yousif Almutawa, Chief Information Officer, DP World, said:

"DP World has launched TURN8 to encourage innovative entrepreneurship. Our search for ideas uncovered some exciting new local and international proposals, ten of which are now short-listed for our support. We congratulate the selected teams and wish them success in their endeavours."

Kamal Hassan, Founder and CEO, innovation360, said:

"Our finalists are young minds with ingenious ideas that can be refined and brought to market through the TURN8 seed accelerator. We have now entered the crucial stage of incubating and nurturing them through this developmental phase. At innovation360 we look forward to an exciting and rewarding time ahead and thank DP World for the opportunity to power this initiative."

The final ten teams are:

1. Ta3rifah, a mobile platform that helps build trust between businesses and their customers; from Egypt.
2. POLITAiMO applies the game-changing model of UAV (unmanned aerial vehicle) drone technology to deliver a new customer-content experience; from the Ukraine.
3. Asly (<http://www.asly.info/home>) is on a mission to develop a new, more secure and cost-effective system to pick genuine products from fakes; from Egypt.
4. Crowd Analyzer enables brands to better understand consumer sentiment in the Arabic-speaking and Franco-Arabic market segments; from Egypt.
5. DreamNotes is a mobile application that enables people to record and share their dreams online before they fade from memory; from Belarus.
6. KinTrans is working on a software that translates sign language of the deaf into audible words using Microsoft software; from Egypt.
7. LocaMath uses math-based games and animation to make mathematics exciting and motivating for children; from Belarus.
8. STARWAY optimizes the process of travel tours and booking for artists and their tour managers, including celebrity show promoters; from Belarus.
9. Wisehound is a tool for generating synonymous text quickly and inexpensively for SEO (Search Engine Optimisation) applications; from Belarus.
10. Travel Matching aims to make travelling more comfortable and fun by helping travellers connect with fellow-travellers during their journeys; from Belarus.

About DP World

DP World has a portfolio of more than 65 marine terminals across six continents⁽¹⁾, including new developments underway in India, Africa, Europe, South America and the Middle East.

Container handling is the company's core business and generates more than three quarters of its revenue. In 2012, DP World handled more than 56 million TEU (twenty-foot equivalent container units). With its committed pipeline of developments and expansions, capacity is expected to rise to more than 100 million TEU by 2020, in line with market demand.

DP World has a dedicated, experienced and professional team of 28,000 people serving its customers around the world, and the company constantly invests in terminal infrastructure, facilities and people to provide quality services today and tomorrow, when and where customers need them.

In taking this customer-centric approach, DP World is building on the established relationships and superior level of service demonstrated at its flagship Jebel Ali facility in Dubai, which has been voted "Best Seaport in the Middle East" for 19 consecutive years.
