

DP WORLD, UAE REGION EMPLOYEES JOIN DRIVE TO KEEP DUBAI'S BEACHES CLEAN

Dubai, United Arab Emirates, December 26, 2010: - More than 100 employees of DP World, UAE Region recently took time out to participate in a clean up event on a popular stretch of Dubai's coastline.

The DP World staff was joined by colleagues from P&O Maritime Services, EHS – Trakhees, Nakheel and Imdaad, who provided the waste collection at the end of the morning free of charge.

The event was affiliated to the annual Clean Up UAE campaign organised by the Emirates Environmental Group (EEG), a non-governmental organisation. EEG's annual clean-up drive last year attracted some 18,000 participants across all 7 emirates.

The morning was given an educational angle when Laurence Vanneyre, Project Manager, Emirates Marine Environmental Group (EMEG), gave a short presentation on the drastic effects that waste has on the marine environment. She also discussed a range of marine programmes which are undertaken by the group in the UAE and wider GCC, including endangered turtle rehabilitation.

Participating in the Clean Up UAE campaign was in line with DP World, UAE Region's overall strategy of giving back to the community in which it operates through a number of sustainability policies that include environment –focused initiatives.

Mohammed Al Muallem, Senior Vice President and Managing Director, DP World, UAE Region said:

“Our team did a wonderful job in supporting this long standing campaign by EEG which aims to raise the public's environmental awareness. I thank all the staff who participated in this event. It was a great day out, a lot of hard work and a fantastic community outcome.”

About DP World

DP World is one of the largest marine terminal operators in the world, with 50 terminals and 11 new developments and major expansions across 31 countries⁽¹⁾. Its dedicated, experienced and professional team of nearly 30,000 people serves customers in some of the most dynamic economies in the world.

DP World aims to enhance customers' supply chain efficiency by effectively managing container, bulk and other terminal cargo.

The company constantly invests in terminal infrastructure, facilities and people, working closely with customers and business partners to provide quality services today and tomorrow, when and where customers need them.

In taking this customer-centric approach, DP World is building on the established relationships and superior level of service demonstrated at its flagship Jebel Ali facility in Dubai, which has been voted "Best Seaport in the Middle East" for 16 consecutive years.

In 2009, DP World handled more than 43.4 million TEU (twenty-foot equivalent container units) across its portfolio from the Americas to Asia. With a pipeline of expansion and development projects in key growth markets, including India, China and the Middle East, capacity is expected to rise to around 92 million TEU by 2020, in line with market demand.
