## **DP WORLD, UAE REGION REITERATES SUPPORT FOR THALASSEMIA CAMPAIGN**

Dubai, 8, March, 2009: Global marine terminal operator DP World reiterated its full support for the campaign to control the genetic blood disorder Thalassaemia, when Mohammed Al Muallem, Senior Vice President and Managing Director, DP World, UAE Region, visited the Dubai Health Authority's Thalassaemia Centre to meet and interact with patients.

His visit further strengthens DP World's year-old commitment to upgrade the facilities; recently providing the Centre with new beds for patients and the upcoming revamp of the recreation area.

### **Mr Al Muallem said:**

"DP World's commitment to the campaign against Thalassaemia is long-term. By joining hands with Dubai Health Authority and the Thalassaemia Centre, we are keen to ensure that the patients receive the best of services and care. Our on-going support for Thalassaemia Centre will allow it to continue to improve its facilities and ensure that patients affected by Thalassaemia are in a positive environment to receive their treatment.

We believe that success in any field must ultimately benefit the community. It is this vision that drives DP World to reach out to those who are in need of support."

### **Dr. Khawla Belhoul, Director of Thalassaemia Centre, Dubai Health Authority, said:**

"We are thankful for the visit by Mr. Mohammed Al Muallem to the Thalassaemia Centre. His exchange with the patients and their parents reflects the genuine concern DP World has for their wellbeing. Dubai Health Authority is aware of the extent of DP World's commitment to the Centre and its contributions to the patients. We are grateful for the support to our renovation works, and today's visit reassures us that it will continue far into the future."

Thalassaemia is a genetic blood disorder that is more prevalent in the UAE than in other parts of the world. DP World's Thalassaemia campaign was launched in early 2008, the ongoing initiative includes blood donations, programmes to spread awareness and support for those currently living with Thalassaemia.

## About DP World

DP World is one of the largest marine terminal operators in the world, with 49 terminals<sup>(1)</sup> and 12 new developments across 31 countries<sup>(2)</sup>. Its dedicated, experienced and professional team of nearly 30,000 people serves customers in some of the most dynamic economies in the world.

DP World aims to enhance customers' supply chain efficiency by effectively managing container, bulk and other terminal cargo.

The company constantly invests in terminal infrastructure, facilities and people, working closely with customers and business partners to provide quality services today and tomorrow, when and where customers need them.

In taking this customer-centric approach, DP World is building on the established relationships and superior level of service demonstrated at its flagship Jebel Ali facility in Dubai, which has been voted "Best Seaport in the Middle East" for 14 consecutive years.

In 2008, DP World handled more than 46.8 million TEU (twenty-foot equivalent container units) across its portfolio from the Americas to Asia – an increase of 8% on 2007. With a pipeline of expansion and development projects in key growth markets, including India, China and the Middle East, capacity is expected to rise to around 95 million TEU over the next ten years.
